

ALTRANS TMA, Inc.
Feb. 2018

South Bay Program Manager

Transportation Demand Management

Introduction

ALTRANS is accepting resumes for a TDM management position in the South SF Bay area.

History & Background

ALTRANS is a TDM company skilled at identifying alternative transportation needs, developing shuttle and commute services, route optimization and management of turn-key Transportation Demand Management (TDM) operations. ALTRANS staff has been actively engaged in alternative transportation planning and trip reduction services for the last 25 years.

ALTRANS has been involved with dozens of alternative transportation programs in the greater San Francisco Bay Area. As a result of this work, we have been the recipient of various TDM and trip-reduction related awards from local and nationally recognized organizations such as: Bay Area Air Quality Management District (BAAQMD), Association for Commuter Transportation (ACT) and the Environmental Protection Agency (EPA).

Under the direction of ALTRANS' management, the South Bay TDM Program Manager position will be assigned to work on TDM Programs with ALTRANS' current and future client base in the South Bay of the San Francisco Bay Area. The South Bay TDM Program Manager engages in the new business development and the fiscal and personnel management of effective trip reduction programs, organizes and implements outreach events, leads special alternative transportation projects, and is responsible for process evaluation reporting on all activities specific to reducing SOV trips.

Assignment & Compensation

Status: 40 hours per week; full-time; exempt. Schedule includes normal business hours.

Work Location: Santa Clara County

Compensation Package: Starting salary: \$88,000; 401(k) plan with 4% match; generous medical coverage reimbursement; mobile reimbursement; competitive Paid Time Off and other leave benefits.

Role Description

Business Development:

1. Identify potential new clients and programs in the South Bay Area.
2. Develop and submit proposals; Follow through with proposals and secure new business.

Planning:

1. Establish goals and objectives that are consistent with the future growth, development and expansion of employer work site(s). Establish vehicle trip reduction targets for employees and clients. Delegate and manage.
2. Identify roadblocks and provide viable solutions to alternative transportation usage.
3. Identify and comply with federal, state, county and local requirements and clean air mandates.
4. Prepare TDM Plans for employer sites based upon survey results and other site assessments.
5. Study shuttle bus ridership data and performance measures. Provide recommendations for improved shuttle program routing and schedules.
6. Implement and manage TDM program(s) that reflects the needs of employees and clients.
7. Make recommendations for improvement, revision, reallocation and expansion of program funding and elements to meet SOV reduction goals.
8. Develop and update a dynamic TDM plan which forecasts program elements and goals beyond the current scope.
9. Track, maintain and present program-wide data ranging from daily bicycle rack usage to annual changes in SOV rates; identify whether mandatory measures were met by SOV reduction.
10. Perform additional tasks as needed and directed.

Administration & Monitoring:

1. Understand and follow program budgets.
2. Manage supporting staff and vendors.
3. Develop, implement and coordinate transit and rideshare commuter subsidies.
4. Conduct baseline and annual Employee Transportation Surveys.
5. Conduct on-board shuttle bus surveys.
6. Provide written reports of surveys, including assessments and recommendations.
7. Document cost-effectiveness and efficiency of the TDM program quarterly and annually.
8. Draft monthly reports for TDM operations.
9. Coordinate time sensitive deliverables and meet deadlines.
10. Coordinate Transportation Management Association (TMA) meetings.
11. Perform additional tasks as needed and directed.
12. Discourage on-street parking through parking management and monitoring

Marketing & Customer Service:

1. Develop marketing and promotional strategies to enhance participation in TDM programs.
2. Design and distribute flyers, posters, brochures and signage.
3. Coordinate transportation fairs; present commuter information at new employee orientations.
4. Staff Transportation Information Center during scheduled hours.
5. Provide personal trip planning sessions with commuters.
6. Maintain car sharing, electric vehicle charging stations and vanpool programs.
7. Update and maintain commuter website and online ride-match system. Identify and communicate potential commuter matches.
8. Work with public transit and private shuttle bus operators.
9. Develop, implement and coordinate transportation projects such as transit, rideshare, private shuttle busing, bicycle/ped safety and encouragement, telework, guaranteed ride home programs and other transportation services.
10. Collaborate with employer and individual departments and meet with community groups, local business coalitions, and others regarding the TDM program.
11. Identify and refer potential clients to ALTRANS management; assist in securing new business opportunities.
12. Perform additional tasks as needed and directed.
